

THE FAR EAST WAR.

Inactivity Prevails and no Fighting of a General Character is Reported.

RUSSIANS TO WINTER AT HARBIN.

Japs Collect Taxes and Administer Affairs in Manchuria as Though It Was Conquered Territory.

Kuropatkin's Report Places Upon Gen. Orloff the Responsibility for the Failure to Hold the Heights Near Sykwantun.

New York, Sept. 15.—Inactivity of the opposing armies of Russia and Japan continues, and no fighting of a general character is reported. Information, coming from an authoritative source in St. Petersburg, is that the Russians will winter at Harbin, but the fact that there probably will be two months of good weather, for military operations before the extreme cold weather sets in, leaves room for a revision of this purpose in the light of events that many transpire. The Japanese are reported to be collecting taxes and otherwise administering affairs in Manchuria, as though that country were conquered territory. The publication of Gen. Kuropatkin's report of the fighting from August 26 until the retreat upon Mukden, has created a bitter feeling in St. Petersburg.

The report distinctly places upon Gen. Orloff the responsibility for the failure to hold the heights in the vicinity of Sykwantun, and so check the Japanese advance.

St. Petersburg, Sept. 15.—The war office is extremely reticent regarding the present situation and future plans at the front. It is stated in general terms that the army is concentrated around Mukden, leaving the inference that it is ready to make another stand. There has been no rain the past two days, and it is probable the country will now dry up and leave two months of good weather for the fall campaign.

London, Sept. 15.—The Daily Mail's correspondent with Gen. Kuropatkin writes under date of September 8, an interesting analysis of Russian strategy to the eve of the battle of Liao Yang, bestowing the highest praise upon Kuropatkin's skillful handling and withdrawal of the weak, scattered Russian forces without demoralization. The correspondent says:

"It is too early as yet to speak of the appalling and almost inconceivable difficulties that faced Kuropatkin during the first campaign. Some day it will be known how many, or, rather, how few troops, he had when he arrived in Manchuria and what proportion, or, rather disproportion, were keen, ardent young soldiers of Russia. Russian will know how far Siberian levies were equipped and qualified for the task they had to perform, and when the facts are known, the world will realize the enormous responsibility cast upon this silent, resolute man, and with what strength, silence and resolution he faced and conquered it."

SITUATION AT PORT ARTHUR.

It is Reported as Most Critical, Provisions and Ammunition Scarce.

Paris, Sept. 15.—The Journal's St. Petersburg correspondent says: "A very high personage informs me that the emperor has received a report from Lieut. Gen. Stossel to the effect that the situation at Port Arthur is most critical. For a week there has been no meat, and only a small quantity of flour, while the ammunition there is not sufficient for a long resistance. Everything is prepared for the blowing up of the fortifications in the event of a successful Japanese assault."

Gov. Peabody Renominated.

Denver, Col., Sept. 15.—The republican state convention Wednesday renominated the following ticket: Governor, James H. Peabody; lieutenant governor, J. F. McDonald. The platform indorses the administration of Gov. Peabody. An eight-hour law is favored.

To Reduce the Force.

Manila, Sept. 15.—It has been recommended that the force of American soldiers in the Philippine Islands be reduced from its present standing of four regiments of cavalry and nine of infantry, to three regiments of cavalry and seven of infantry.

'A Hunter' Victory.

Middlesboro, Ky., Sept. 15.—The Bell county republican committee met here Wednesday. J. G. Fitzpatrick resigned as chairman, and C. E. Herd was elected in his stead. This was a distinct Hunter victory.

SOUTH ATLANTIC STORM.

Wind at Norfolk Reached a Velocity of 52 Miles an Hour.

Norfolk, Va., Sept. 15.—This entire section was swept by a wind storm Wednesday night, the velocity of the blow reaching 52 miles an hour in Norfolk. The government wires along the coast went down, and information from that section is meager. No marine disasters have been reported.

Newport News, Va., Sept. 15.—During a terrific wind and rain storm which raged here Wednesday night wires were prostrated, fences leveled, telegraph and electric light poles uprooted or felled in several parts of the city. No serious damage to shipping in the harbor is reported.

Baltimore, Sept. 15.—The South Atlantic storm arrived here shortly after midnight. Rain fell in torrents, and the wind reached a velocity of hurricane proportions. Telegraph, telephone and electric light wires were prostrated, and it was reported by the telegraph companies Thursday morning that many lines of wire in the country are either down or crippled.

Wilmington, N. C., Sept. 15.—The northeaster, of which warnings were sent out by the weather bureau Tuesday night, struck Wilmington Wednesday. There was a tremendous tide in the Cape Fear river, and the harbor was so rough that navigation was dangerous. The beaches were swept by heavy tides, but no damage was done. In the city tents of a carnival company were blown down, and damage done to the extent of \$2,500. Two fishermen, who went out at Wrightsville Beach, are missing, and it is probable that they were caught in the storm and drowned.

THE PATENT OFFICE.

The Applications During the Year Broke All Previous Records.

Washington, Sept. 15.—The application for patents during the last fiscal year broke all previous records, according to the annual report of the commissioner of patents, made public Wednesday. There were 50,321 applications for mechanical patents, and 2,554 applications for trade marks. There were 31,979 patents, and 2,213 trade marks granted. The total receipts of the office were \$1,663,880; expenditures, \$1,460,124.

THE MAINE ELECTION.

Complete Returns Show a Republican Plurality of 27,130.

Portland, Me., Sept. 15.—A republican plurality of 27,130 is shown by complete returns from the state election of Monday, the unofficial tabulation of which from the 522 cities, towns and plantations, was completed Wednesday. The total vote for governor, as tabulated, was: Cobb (rep.) 78,460, Davis (dem.) 51,330. The legislature, which will elect a United States senator, is safely republican.

A NEW ARCTIC SHIP.

Another Attempt to Reach the North Pole Will Be Made.

New York, Sept. 15.—Commander R. E. Peary, the Arctic explorer, announced Wednesday night that a contract had been signed for a new arctic ship which he is to use in another attempt upon the north pole, and that he expects to start north again next summer. On behalf of the French Geographical society, Prof. Cordier presented Commander Peary with a gold medal.

Rural Letter Carriers Meet.

St. Louis, Sept. 15.—The National Rural Letter Carriers' Association began its second annual convention here Wednesday in the rooms of the federal court of appeals. Nearly 200 delegates were present.

Mexican War Veterans' Convention.

East St. Louis, Ill., Sept. 15.—The 31st annual convention of the National Association of Mexican War veterans convened in the city hall Wednesday, Maj. J. C. Carlton, of Bedford, Ind., presiding.

Died at the Age of 107 Years.

Montgomery, Ala., Sept. 15.—James McWilliams, 107 years old, a veteran of the Indian, Mexican and civil wars, died Wednesday at his home near Greenville, Ala.

THE CRUISER LENA.

Guarded by American Ships She Lies in the Bay at San Francisco.

THIRD INSPECTION BEING MADE.

Capt. Berlinsky and the Russian Consul, Koskavitch, Visited the Mare Island Naval Station.

Number of United States War Ships Are to Be Prepared to Deal With Any Similar Emergency During the War.

San Francisco, Sept. 15.—Guarded by several American warships, the Russian auxiliary cruiser Lena lies in the same position in the bay where she dropped anchor Sunday afternoon. Wednesday, under the direction of the United States navy, a third inspection of the Lena was begun, and the disposition of the vessel will doubtless depend upon the report of the investigation. The members of the board are all trained engineers, and their work will be searching and conclusive. It is anticipated that they will finish their examination Thursday.

The visit Wednesday of Capt. Berlinsky and the Russian consul, Koskavitch, to the Mare Island naval station, is regarded as significant, as it is believed to portend the dismantling of the Lena. They were courteously received by Rr. Adm. McCalla, Rr. Adm. Goodrich assembled all the naval commanders in this port on board the flagship New York Wednesday, and acquainted them fully with all the official developments in the case, and its surmised, instructed them as to procedure in the event of certain contingencies.

It is expected that the destroyer Perry will soon be brought down from Mare Island and added to the vessels now surrounding the Lena.

An outcome of the arrival of the Russian cruiser will probably be the maintenance permanently in San Francisco harbor of a number of warships to be prepared to deal with any similar emergency during the Russo-Japanese war. Had the Lena arrived 24 hours later, San Francisco would not have had a single American war vessel, as the squadron had been ordered to sail the next day to other waters for target practice.

No confirmation can be obtained here of the story telegraphed from St. Paul to the effect that the Lena had been engaged with two Japanese cruisers in the vicinity of Redfield reef and badly damaged by gun shots.

United States Inspector Bulger found no marks of the Lena's having been in conflict.

"I do not believe the report that Japanese cruisers are lying anywhere near the Farallones," said Consul Kikaburo Ureno. "In the first place, there is no count of the name given in the dispatches from St. Paul, and I certainly am in a position to know if he exists or not."

BRITISH SHIPPING.

The Flagship Grafton Will Protect it in the Pacific Ocean.

Victoria, B. C., Sept. 15.—H. M. S. Grafton, flagship of the Pacific squadron, which left here some days ago to get her annual heavy gun practice at Comox, returned unexpectedly to Esquimalt early Tuesday, making the trip from Comox to her Esquimalt moorings under forced draught, and in record time. She is now in Esquimalt harbor making ready for sea, and will not finish her gun practice at present.

The cause of the Grafton's return from the trip from Comox is connected with the sudden appearance of the Russian armed auxiliary cruiser Lena in San Francisco. It is understood the Grafton is under cable orders from the British admiralty to protect British shipping on the American side of the Pacific at all costs.

It depends upon the decision of the United States government regarding the Lena whether the Grafton will proceed south to watch her, and, if any British merchantmen be molested, capture and sink her.

Should the American government decision be an order to the Lena to quit San Francisco harbor within 24 hours, it is expected the Grafton will leave Esquimalt harbor at her best speed with the object of intercepting the Russian vessel off the California coast. A significant circumstance connected with the Grafton's sudden and unexpected appearance in Esquimalt is that all shore leave has been indefinitely suspended.

The big cruiser also maintains her steam pressure at unusual strength, as if expecting to use it at a moment's notice.

PROPOSED ON A TRAIN.

They Were United in Marriage Soon After Reaching Louisville.

Louisville, Ky., Sept. 15.—While a Monon passenger train was speeding from Bedford, Ind., to this city, Bernard V. D. Moore, a veteran of the civil war, proposed to Miss Emma Andres, was accepted and they were married.

Moore, who is past 70 years of age, lives in Bedford. The bride is a resident of Haden, Ind., which is just a few miles distant. They had met before, but did not know each other well.

Wednesday morning Moore left for this city to go to the Bourbon Stockyards to complete a cattle deal. Miss Andres was on the same train. She was en route to St. Louis. As soon as the train left Haden, Moore noticed that Miss Andres was a passenger, and, accordingly, took a seat beside her. The conversation soon changed from ordinary topics to love. The aged soldier told Miss Andres, who is 48 years of age, that he loved her and asked that she become his wife. The reply was in the affirmative.

ON A DISSECTING TABLE.

The Body of a Kentucky Man Was Found in St. Louis.

St. Louis, Mo., Sept. 15.—The body of Dr. William A. Hampton, of Simpson, Ky., was rescued from the hands of medical students on the dissecting table of the city hospital by his friend, D. R. Hurst, of Jackson, Ky., with whom he came to St. Louis to visit the World's Fair, and from whom he became separated eight days ago. There was no one to claim the body, and it was taken to the morgue. Later it was turned over to the students.

Dr. Hampton and Hurst came to St. Louis September 6, and registered at the Lindell hotel. The following afternoon they went to the World's Fair grounds, where, in the hustle and bustle on the pike, they became separated.

The hospital records show that Dr. Hampton was brought in as an alcoholic and observation patient on September 6. He died three days later. It is learned that the Kentucky authorities are likely to institute an official investigation of the case.

THE FITZGERALD MURDER.

Charles Sullivan, His Room Mate, Makes a Confession.

Louisville, Ky., Sept. 15.—The mystery surrounding the murder of John Fitzgerald, of Kalamazoo, Mich., employed for several years as a nurse at the Louisville city hospital, was solved Wednesday by the unexpected confession of Charles Sullivan, Fitzgerald's room mate. Prior to the confession of Sullivan suspicion rested strongly on Clyde Jones and Harvey Wilson, who were being held for the murder, while Sullivan was merely regarded as a witness. Sullivan, until he broke down, asserted that Wilson and Jones beat Fitzgerald with the handle of a bayonet while Sullivan lay in the room feigning sleep.

Prominent Citizen Dropped Dead.

Hopkinsville, Ky., Sept. 15.—Richard C. Pace, a prominent citizen of Herndon, this county, fell dead at his home. He was apparently in good health and his death was sudden, probably due to some form of heart disease. He was 67 years of age.

Aged Farmer Found Dead.

Carlisle, Ky., Sept. 15.—John W. Snapp, aged 78 years, a prominent and influential farmer and miller of this county, was found dead in his barn with no mark of violence upon his person, and the coroner pronounced it death from heart disease.

Miles Was Named for Congress.

Nicholasville, Ky., Sept. 15.—The Eighth district republican congressional convention met in the courthouse and unanimously nominated N. D. Miles. The only contest was in the delegation from Garrard county, two sets claiming recognition.

Lexington Chamber of Commerce.

Jackson, Ky., Sept. 15.—The Lexington chamber of commerce, 300 strong, was entertained by the Business Men's club of Jackson Wednesday night. Two hours were very delightfully spent with refreshments and speechmaking at the courthouse.

To Join the Big League.

Louisville, Ky., Sept. 15.—The Kentucky State Liquor league approved plans for merging the league into a national organization and re-elected H. S. McNutt, of Louisville, president. The next annual meeting will be held in Bowling Green.

Charged With Embezzlement.

San Francisco, Sept. 15.—G. H. Lanier was arrested on board the cruiser Boston Wednesday on a warrant from Atlanta, charging him with embezzlement. Lanier was a railroad contractor at Atlanta.

NO DEFENSE MADE.

Millionaire Lawrence C. Phipps Was Granted a Divorce From His Wife in Denver, Col.

THE CHARGE WAS DESERTION.

Mrs. Phipps is to Receive the Income From \$750,000 Worth of Steel Company Bonds.

The Two Children of the Couple Are to Remain With Each Parent Six Months of the Year—Other Details.

Denver, Sept. 15.—Lawrence C. Phipps, the Pittsburg millionaire, was granted a divorce from his wife, Genevieve Chandler Phipps, on the ground of desertion, by the district court here Wednesday. No defense was made and no evidence was introduced to support the charge. The court listened to the reading of the complaint, which consumed about ten minutes of time, and, no answer being forthcoming, ordered the decree prayed for by the plaintiff. It was also ordered by the court that the agreement entered into between the plaintiff and wife be made part of the decree. Under the agreement Mrs. Phipps obligates herself to convey to Mr. Phipps the property at Pittsburg now occupied by her as a residence, and also the property in Denver occupied by Mrs. Phipps as a residence. She also agrees to assign and transfer to Mr. Phipps all the bonds of the United States steel corporation now standing in her name, amounting to \$500,000. In consideration of the latter action, Mr. Phipps agrees to place \$750,000 of steel company bonds with a Pittsburg trust company, the income of which shall be paid to Mrs. Phipps so long as she remains unmarried. Should Mrs. Phipps desire to marry again, she will have a life income of \$250,000 of the aforesaid bonds, the income from the aforesaid \$500,000 to be paid to the children of Mr. Phipps by his first wife, and those by his second wife, share and share alike. The two children of the couple are to remain with each parent six months of the year, the place of residence selected by Mr. Phipps to be the residence also of the children. When in the custody of either parent free access to them at all times shall be allowed to the other parent. Other details in relation to the children include the employment of nurses and governesses, education, etc.

The expense of maintaining the children will be borne by the father. The agreement charges Mrs. Phipps with the expenses of her side of the litigation, and also obligates her to the payment of all her own bills at present outstanding. Mr. Phipps agrees to reimburse his former wife in the sum of \$12,000 expended by her on the Pittsburg residence, allow her the interest on the steel company bonds now in her name, which will have accrued up to October 1, 1904, and buy her equity in bonds of the Guffey Petroleum Co. He also agrees to lend her \$20,000, to be repaid in three equal annual installments. Mrs. Phipps will have the custody of the children for the next month, and will reside with them at the Phipps home in Pittsburg.

THE HUNTSVILLE LYNCHING.

Sheriff of the County and Mayor of the City to Be Impeached.

Huntsville, Ala., Sept. 15.—In open court the special grand jury investigating the recent lynchings here Wednesday asked for instructions on the proper method of procedure to bring about the impeachment of the sheriff of Madison county and mayor of this city for failure to prevent the lynching of Horace Maples, provided the grand jury sees proper to proceed with that object in view. Judge Speake will outline the proper procedure on Thursday. Ten indictments against alleged members of the mob have been returned by this grand jury. Arrests will follow.

Dr. Watkins Passes Away.

Sturgis, Ky., Sept. 15.—Dr. Watkins, a prominent citizen of the county and father of ex-State Senator J. J. Watkins and Prof. H. A. Watkins, principal of the graded school, died here after an illness of several months.

He Declined the Call.

Frankfort, Ky., Sept. 15.—Rev. William Crowe, pastor of the Southern Presbyterian church in this city, declined a call to James Lee's Memorial church in Louisville, which was tendered him some days ago.

There were 143 cremations at Woking, England, last year, against 276 in 1902.

DEMOCRATIC TICKET.

For President,
ALTON BROOKS PARKER
of New York.

For Vice President,
HENRY G. DAVIS
of West Virginia.

For Congress,
JAMES N. KEHOE,
of Mason County.

GRAY-HAIRED codgers need no longer despair. John Taylor, an Indiana farmer, celebrated his eighty-fourth birthday by deeding one hundred acres of fine land to his four-lav-old son.

They seem to be going about the work in a systematic manner up in Fayette. A poll of the Democratic vote of Lexington is being compiled by the city organization. The work is being done by precinct, two men being appointed to each precinct. It takes just such hustling to win elections. The above plan is commended to the local Democratic workers.

MANY an Independent vote will wisely be cast for Mr. Kehoe the Democratic candidate for Congress this fall.

Even if Mr. Roosevelt wins the Presidency, an eventuality we are not ready to concede by a long shot, it would be best for the country that the election should be extremely close and the House of Representatives Democratic.

Collier's Weekly uses a pretty good argument along this line. It says: "We are tired of the Senate oligarchy and its dictation to the House, and should be glad to see its great and hidden strength sapped by a well-led hostile House, which would also probably diminish such indifference to means as was shown in the constructive recess absurdity by the President and Mr. Root. There is no doubt that the President would be a better President with a Democratic House to criticize and sometimes thwart him than he would with a Republican House, subservient to his impatience and to his lack of respect for certain principles and distinctions that have been among the soundest elements of American democracy. The people may vote so as to retain him in his job, and also keep him more strictly in his place."

REFORM IS NECESSARY,

Far More So Than in 1876, in the Scale of Public Expenses, Says Judge Parker.

In his speech at Esopus to the editors from various parts of the country the other day, among other observations made, Judge Parker said:

"During Mr. Cleveland's first term the average annual expenditure was about \$269,000,000. For the past three years it has been about \$519,000,000. The governmental expenditure last year mounted up to \$582,000,000, which is not equalled by any year since the Civil war, with the exception of the year of the Spanish war.

There is an inevitable result to such extravagance. Instead of a surplus in the annual receipts of about \$30,000,000, which the present executive found on assuming control, there is now a deficit to be found there of \$42,000,000. 'Reform is necessary,' aye, for more necessary than in 1876, in the scale of public expenses, and when convinced of this you will do less than your duty if you fail to make the people understand it.

"Is the fame of Bayard, Manning, Fairchild, Endicott, Whitney, Vilas, Dickinson, Garland, members of the 1894 Cabinet, and Olney, Carlisle, Lamont, Smith, Francis, Herbert, Bissell, Wilson and Harmon of that of 1892, dwarfed when contrasted with the Cabinet of ficers of to-day?

"Extravagance is running riot in Federal, State and municipal governments, in spite of the well-directed efforts of some

excellent officials. The indebtedness of the municipal governments are steadily piling up, bond issues are increasingly frequent, and the people have not the satisfaction in many instances of a full equivalent in improvements for the money expended. And the Federal Government is leading in the race of great expenditures.

"Ere long the people will demand a reform in administrative expenses. And they will do it now if they are made to appreciate the whole truth.

"The Democratic party is not a machine; it is a body of citizens who believe that on the whole its fundamental principles are best adapted to the conduct of the government. Among so many patriotic and intelligent men it is inevitable that divergence of opinion as to minor questions and differences of view as to the correctness of the disposition of dead issues should be found. The party is concededly united to-day as to every vital article of faith which can reasonably enter into the pending canvass. Our adversaries are entrenched in full possession of every department of the government, and it is a mistaken policy that would drive away voters who would help to oust them. The cause can not be advanced by attacks on others within the party with whom we have had disagreements, but who are now working with us for a common result.

"The coming election is not to be determined by the September vote in hopeless Republican States, where local issues and candidates even are grievously handicapped, but the result in Vermont on Tuesday admonished us, and there can be no harm in giving voice to the admonition—that harmonious co-operation of all and the elimination of personal, factional and unimportant differences involving no surrender of principle are essential to success."

LIBRARY COMMITTEE.

Meeting Wednesday Afternoon at Which Miss Mary E. Richeson Was Elected Librarian.

At the meeting of the recently appointed Library Committee yesterday afternoon, Mayor Stallcup was elected Chairman, Chas. Walther Secretary, and R. A. Cochran Treasurer.

Three nominations were made for Librarian and Miss Mary E. Richeson was elected on the first ballot.

Mr. W. D. Hixon will retain his connection with the library and give the committee the benefit of his invaluable experience and advice. He will have his rooms on Sutton street near the court house.

The library building has been thoroughly overhauled and put in perfect repair. Under the new auspices it promises to be one of the most flourishing institutions in the State.

Miss Mary E. Richeson is peculiarly fitted to take the place of Librarian. She was educated at the "Maysville Seminary," an institution conducted by her uncle, William W. Richeson, a Virginia educator of great learning and ability.

Miss Richeson has made a special study of library work and is thoroughly up-to-date in the art of classification.

Mr. James H. Hall, Jr., is in receipt of a letter from his brother-in-law, Mr. Carroll Marshall of Huntington, in which he says: "The Sign of the Cross" played at Huntington Monday night to a crowded house and that it gave the very best of satisfaction and in fact was one of the best productions ever seen there. The company is composed of twenty-two players and will appear here to-morrow night. Those who want choice seats had better hurry, as they are going fast.

The game law for protection of squirrels and rabbits will go into effect Thursday and remain in force until November 15. This is the first time rabbits and squirrels have been protected by law, and it is unusually stringent.

Dr. P. G. Smoot has returned from Cincinnati where he underwent a surgical operation for the removal of polypus from his nostrils.

Save money. Buy piano from Gerbrich.

Miss Edith Perrine is very ill at her home in the country.

The Garnett Marble Company is at work on the new river gauge.

Just received a car of Iowa timothy seed. WINTER & EVERETT.

A solid train of forty cars of cattle passed East over the C. and O. this morning.

Mr. Joseph J. Lingenfelter and Miss Lule Trisler will be married Wednesday, September 21st.

Rev. M. Waller will preach at Washington Presbyterian Church Sunday, morning and night.

Mr. Grant May and Miss Lide Cooper, both of Robertson County, secured marriage license here this morning.

Master Edward Leigh Boyd, little grandson of Mr. and Mrs. A. J. McDougle, is slowly improving after an illness of several days.

Mrs. A. M. Casey gave a reception in honor of Mrs. Reynolds of Covington at her home in the county yesterday afternoon from 4 until 6 o'clock.

There will be a Ladies' Mite Society Prayer meeting at the Third Street M. E. Church to-night in the interest of the above society. All members are invited to be present. Mr. Dimmitt Hutchins will deliver an address on "The Achievements of Women." The public invited.

NOTICE.

The legally qualified voters of the city of Maysville are hereby notified that an ordinance was adopted by the Board of Council of the city of Maysville on the 5th day of September, 1904, ordering an election to be held in all six wards of the city of Maysville, at the next regular election, on the 8th day of November, 1904, and that the question be submitted to the legally qualified voters of the city of Maysville, whether or not the City Council of the city of Maysville shall, in the name of said city, issue not to exceed \$2,000 of bonds, bearing 4 per centum interest, per annum, payable semi-annually, and the said bonds shall be made payable as follows: \$2,000 on the 1st day of August, each year, for six successive years, beginning with the year 1912 and ending with the year 1917. The said bonds to be made payable to the Chairman of the Ways and Means Committee or bearer to be disposed of to the best cash purchaser, and proceeds derived therefrom to be paid into the treasury of said city, and the money applied to paying for the construction of a public sewer, in the corporate limits of said city, beginning on the east side of Wood street in the Sixth ward of said city, and running west along the north side of the Chesapeake and Ohio railroad to Union street, thence west along the north side of Third street to Lexington street, thence northwest across Lexington street to Hall's alley, thence west along Hall's alley to Commerce street, thence north along Commerce street to low water mark at the Ohio river. And that there be appropriated out of the general ad valorem tax of the city, 16 mills on each \$100, or so much thereof as may be necessary, on the assessed value of the taxable property of the city of Maysville as a special interest and sinking fund to pay \$400 annual interest on said bonds as the same falls due each year, beginning with the year 1905 and ending with the year 1917 and for the years 1912, 1913, 1914, 1915, 1916 and 1917 there shall be appropriated out of the general ad valorem tax 6 1/2 cents on each \$100, or so much thereof as may be necessary, on the assessed value of the taxable property of said city as a special sinking fund to liquidate \$2,000 of said bonds each year as they mature. Authorized by Council September 5th, 1904. Attest: J. L. DAULTON, City Clerk.

Mr. Chamberlain,

Special wholesale representative, is now visiting our Maysville branch, and while there will quote a few special prices.

It will pay you well to call at John I. Winter's store and meet Mr. Chamberlain.

Suppose you could make \$50. Wouldn't that be nice?

An introduction to Mr. Chamberlain at this special time may make you more than that.

It costs nothing to investigate this.

NEW RAILWAY SOLD.

Rumor That the Ohio River and Columbus
Road Has Been Purchased by the
L. and N.

There was some very important news
afloat yesterday in railway circles.

The information comes pretty straight
from those who are supposed to be on
the inside that the L. and N. has secured
control of the new Ohio River road now
in operation as far up as Ripley and that
it will be extended to Aberdeen and the
river bridged at this point soon.

The Ohio River branch of the Mays-
ville and Columbus line has been doing
a nice business since the opening of the
road, and the L. and N. people have no
doubt seen the advisability of incorporat-
ing it in their great system.

son.

Great removal sale now going on at
Hainline's. Everything in the house re-
duced.

Mr. James Lashbrooke completed his
residence near Washington and has moved
into it.

Miss Emily Forman, the missionary,
sails Saturday from New York on her re-
turn to India.

Rev. Dr. N. F. Thomas of Philadelphia
may be the next Episcopal Bishop of
Kentucky to succeed the late Bishop T.
Dudley.

officiating.

Thieves ransacked the residence of Mr.
and Mrs. C. W. Darnall on West Second
street last night. Beyond turning every-
thing topsy turvy and giving Mrs. Sallie
Baldwin and her sister a good scare, no
damage was noted.

The following delegates left this morn-
ing to attend the Republican Congres-
sional convention at Cincinnati: Messrs.

"LECTRICITA" THE THING.

Motorman Charlie Smith's Car Provides a
Lot of Amusement For a Country
Visitor.

Motorman Charlie Smith of the local
electric line had one appreciative pas-
senger at least last Tuesday.

His name was not learned, but his
garb proclaimed him a native of that
belt in the interior where
the poor man buys a new
dog every time the crops
fail. He seemed lost as
he stood on the street
corner about 5 o'clock
just before he boarded a
car on the yellow line.

He must never have
gone up against the trolley
before, judging from the
manner in which he crept
aboard and held on to
the back of a seat.

When Charlie rang up his first fare
Reub eyed the register with open-eyed
and wide-mouthed astonishment.

Arriving at the end of the line, the ac-
commodating motorman expected his
passenger to get off, but as he made no
move, Smith ventured to inquire if he
expected to go further for five cents.

"Dinged ef I aint a-goin' to try her
agin," mused the backwoodsman as he
fished out another nickel.

On the long, straight stretch of track
coming west, extending from the car
barn to Mathews' switch, Charlie thought
he would give his passenger a run for his
money, so he shot the controller lever
over towards the north pole and sent the
car up into the air and down again at a
lively clip as she bounded over the warts
on the steel rails.

"Gosh burn my overalls, but she's a
smooth 'un," ejaculated Reuben. "Give
her the ribbons an' its easy money."

Again arriving at the terminus, it was
thought the ruralite had enough, but
not on your life. He said:

"This here lectricita ridin' makes a
feller feel like a cross-cut saw, an' I'm
goin' ter stay with you'ns all night."

And he did—until the plant shut down
and the cars stopped.

JACK FROST COMING.

Earliest Dates in September For a Number
of Years on Which His First Visit
Was Noted.

Jack Frost is about to renew his visits
to this section. A special bulletin was
sent out by the Weather Bureau yester-
day and his arrival may be expected
to-night.

A friend of the BULLETIN, who keeps
tab on His Royal Highness, furnishes us
the date of his earliest visit in September
for a number of years.

On September 2, 1885, fires and over-
casts were comfortable; September 29,
1888, there was a white frost; Septem-
ber 18, 22, 23 and 27, 1889, there was a
light frost, but no injury to tobacco re-
sulted; September 25, 1894, September
30, 1895, September 23, 1896, September
21, 1897, September 27, 1899, September
18, 1901, September 14, 1902, and Sep-
tember 19, 1903, frosts occurred. On the
1895 and 1897 dates much tobacco and
corn were injured.

The temperature was down to about
forty last night and there may have been
some frost in the country. None was
noticeable in the city, however.

Weather Forecast.

Fair to-night; frost probable. Friday,
fair and warmer.

Mr. Cecil Pollock, aged twenty-seven,
son of Mr. and Mrs. W. F. Pollock of
Germantown and brother of Dr. Pollock
of Murphysville, died at his parents' home
in Germantown yesterday morning
about 1 o'clock, of consumption. He
spent last winter in California with the
hope of regaining his health, but the
change in climate gave no relief, so he
came back home to spend his remaining
days. Burial to-day at 2 o'clock in the
Knights of Pythias cemetery at Ger-
mantown.

Elbert Trisler and Amelia Hauck of
Forest avenue have been sweethearts for a
number of years and evidently the couple
have concluded that the "cooling and
wooing" process had advanced to the
stage where there should be "something
doing." At any rate Miss Hauck left
Sunday for a quiet visit to friends in the
Queen City and yesterday Mr. Trisler
donned his best togzery and followed
suit. Rumor has it that it will be Mr.
and Mrs. Trisler when they return.

SARGENT'S "GEM" Food Chopper

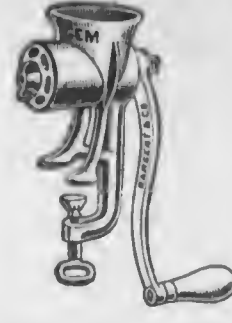

Is a modern kitchen utensil intended to take the place of the chopping bowl and knife, which is out of date. It chops all kinds of meat, both raw and cooked, fish, clams, fruit, vegetables and other articles of food. Chops quickly, quietly and easily. No trouble to take apart or put together. It saves time, strength and food and greatly simplifies the making of croquettes, salads, fish balls, hash, Hamburger steak and other favorite dishes without limit. Utilizes "left-overs," which can be made into attractive and appetizing dishes by employing the Gem. Especially useful at this season in chopping vegetables for pickling. Buy one of

Meeting of Civil War Veterans.
Michael Brunner and Samuel H. Jolly, white-haired veterans of the Civil War, met recently in Bellevue for the first time since the dark days of long ago when they were prisoners of war for eighteen months at Libby prison and Andersonville, Ga. They were both taken prisoners on the same date, at the great battle of Chickamauga. Brunner was among others who made their escape by digging a tunnel at Andersonville and was later recaptured. Mr. Brunner removed from Georgetown, O., to Bellevue about six months ago, and while hale and hearty, as is his old comrade, showing no effects of their bitter experience, he still suffers from severe burns about the hands, sustained a year ago while trying to save his daughter from death in an explosion of gasoline. Mr. Jolly is a prosperous business man of Manhattan, Kan. The veterans relate many interesting incidents of war, but dislike to recall their bitter experience at Andersonville.

Over 500,000 men and 1,300 cannon were engaged in the great battle in the Orient.

The Mayelick graded school, Prof. W. R. Chandler principal and Miss Mann's Yancey assistant, will open Monday, September 19th.

The Howard Stock Company will play an engagement of three nights with matinee Wednesday at the opera house Monday, September 19, opening with the pastoral comedy drama, "Home, Sweet Home."

A steer weighing 1,800 pounds was drowned in a two gallon tin pail at Kokomo, Ind. The steer put his head in the vessel thinking it contained water. The tin and the bucket rim held his nose and mouth in the liquid until death followed from strangulation.

KILLS GERMS OF CATARRH.

Hyomei Goes to the Root of the Disease and Makes Astonishing Cures.

Catarrh cannot be cured by the use of pills, liquid medicines and so-called system tonics. Under such treatment the germs of the disease will still live in the air passages and increase and multiply.

Hyomei is the only scientific and thorough way to cure catarrh. Killing the germs in the air passages, it enters the blood with the oxygen, destroys the microbes in the blood and effectually drives from the system all traces of catarrhal poison.

Probably the strongest evidence that can be offered as to the powers of Hyomei to cure catarrh is the fact that J. J. Wood & Son will agree to refund the money if you say Hyomei has not cured you.

The complete Hyomei outfit costs but \$1 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents.

Two-dollar wheat is now predicted. Damage to the spring crop by black rust is reported. There were sensational advances at Chicago and New York Monday.

Mr. O. G. Callahan of Helena has sixteen head of Aberdeen-Angus cattle at the World's Fair and is expecting to bring back some of the premiums this week.

The C. and O. will open a ticket office in the St. Charles Hotel where tickets will be sold for all accommodation trains, which will hereafter stop in front of the St. Charles instead of at the foot of Market street.

The C. and O., in anticipation of the heavy traffic which will be caused by the extension of the Big Sandy division, is making extensive improvements on the old sections of the line, noticeably so between Catlettsburg and Louisa.
